### AROMATIC & FRUITY WHITES

Undeniably attractive on the nose, these fragrant whites are fruit focussed and more extrovert than their crisp dry cousins. Great matched with dishes that mirror the aromatic herbs and spices.

|                                                                  |      |      |      |

### RICH & TEXTURED WHITES

Whites with more weight and texture that are more comfortable when partnered with bolder dishes. All roads don't lead to Chardonnay here, but lovers of this grape will feel very at home here.

|                                                                   |      |      |    |

**SOFT & SILKY REDS**  
Lighter in style but still packed with character. These reds are silky smooth. If you fancy a red with some grilled fish & white meat, then look no further.

|                                                                       |      |     |    |

Big, structured reds that do exactly what you’d expect. Predominately dark, thick-skinned fruit dominate this section; these are perfect with heavier meat offerings.
